Dear Nathan,

Its many weeks past since I received your last letter. I was quite busy for the last mo before our pass-over, to distribute Palestine Wine to our Jewish members. as the Government would not let me to sell this in the Gosh's store, and there was some work to be done in the house, as few of our rooms got empty, and before we may rent it I have to paint it and put new linoleum, and so time past, and now after we have celebrated the Seder night to gether all our family, we have in our home 22 including the children of the Delmans, Agnais (Sid came from Seattle) mamma has done lots of work with Mallie, And as to night I thought I will drop you a line or two. to go back to your letter, I really don't know what to say, I think you know yourself how we should feel, you have said it in your letter, we are wrong in your way, you may be right, but we are not wrong too, I don't you to understand, the way mamma and myself have been breed up

in my Hebrew School. The Teaching is different from the School teaching in this country, the Jewish books is to teach How to live, not how to earn a living, here they teach how to Make Money. School for Dr.'s Lawyers, musicians, ^{Business college} And so on. It is a how to make more money, there is no teaching how to respect each other, or how to respect your older brother, your father and mother. I can't write this all as there is books of 1000 of pages. An all is about How a man should live and be happy. I will just give you one story, not a Robin hood story, There was a great Teacher, Rabbi Akiva, he had 400 students, R. Akiva had one child, which he loved very much, one day his child became sick, and the Dr. gave up all hope its recovery, so R. A. left the child with the Dr and noise, he himself went to the Synagogue, and 3 days in succession did not eat or drink. He prayed to God, he was so weak he could not stay on his feet, but still refused to eat or drink, on the 4th day the child ^{was} dead, all his students

came together to the synagogue, seeing how
 their Rabbi & teacher is weak and pale, they were
 afraid to tell him about his child's ~~past~~ away
 as the R.A. noticed them, he called to them and said
 tell me all what happened, they could not open
 their mouth, then he asked again is my child
 dead? They shook with their head yes, and
 they were watching, expecting he may faint
 , but instead, he called on them and said, bring
 me to the holy ark, and when he reached the Ark
 he called out O, Lord you are always right
 your judgment is right, you have given to me
 and you have taken back from me, then he said
 to his students, bring to me something and I will
 eat, all the students were all mumpishness, ^{with tears} could not
 open their mouth, R.A. said to them don't you understand
 when my child was alive, I was praying to God, but
 now when all is over, I have no more to say and
 it's God's will, I have to make the best of it.
 It may be just a story, but we can
 learn the way how to live in this world, I think
 my son, you will understand us, and not to

have in your imagination, that I don't want
 to see you happy, but just to please myself
 yes I would be happy like all the rest of
 my friends to celebrate but one day in my
 life at my child's wedding ones in my life
 to see my children's family dear to me, you
 have seen how dear to me are Ruby, Toby, and
 their children, and how much pleasure mamma
 and myself are getting when Gore & Edith
 are coming here with our loving Lauren, and
 as I am looking forward to your future
 you are not less to my heart as the rest
 of my children, perhaps more, and I ~~fore~~ if
 I lose all my hopes and dreams, I want you to
 know, that I am not a fanatic religion, I do
 not think, that we are better from others, but
 I will admit I am a nationalist, but I am
 not a Hater of other national, but it is a question
 is the other nationalist not a hater? there is
 few young couples that we know, some are very nice
 like Jessie & Davies (you know them) Jessie is
 more with Davies' friends, but some of them

are in different direction, And you understand
that, its a father & Mothers heart breaking, when
they have their child to go away from them
being unable to come close to them,

And all what I can say now is I
wish both of you all the luck in the world
as for you, you'll be to my heart as long
as I live, And if your loving wife, will
love my son, I will admire her like the
rest of my family, your letters to us
will be my best wish, And again with
happiness to both

your loving dad
